This 'shuffle' can play 100 songs.  
 You can burn songs from a C.D  
 or download them from the  
 internet.

Clara says you can  
 burn songs from a CD  
 on to a blank CD  
 so you have a copy  
 of them.

Burn means to copy the songs.  
 What does 'download' mean?

Clara thinks it means transferring.

Uploading is like when Mrs Hutton puts things  
 on to our Wiki space on the internet.
