

# Mystery Item

Second.

Alice brought a more modern one made of plastic.

You need a little hook and some wool.

Then you can do French Knitting.

We can say it is

'fit for purpose'  
because it does what it was  
designed to do.

---

First

• It's made of wood which is strong.

• The design looks like a doll - it must be for a girl.

• It is bright and colourful, I think it is for art or craft.

It has a hole down the middle it could be to put things in. We try a pencil and it fits. It is a good pencil holder. We try a pen, it doesn't fit the hole is too small.

Why does it have nails? These could be dangerous for a small child. A pencil holder doesn't need nails.

• Do you have it up by the nails or hook something
